

OUR GOAL: SOLID, CONFIDENT, GODLY RELATIONSHIPS

1

SALVATION—*every child needs the opportunity to have a relationship with Jesus Christ. KidsView uses the Holy Bible as the standard for education and lifestyle for Christians. Christian education is an awesome way of teaching biblical truths and is a great example to form healthy & Godly relationships.*

2

SAFETY—*KidsView is blessed to have fabulous adult volunteers. Each volunteer has a personal & active relationship with Jesus Christ, and all volunteers have had a comprehensive background check.*

3

ACCEPTANCE—*all children want to belong and feel they are understood. Our volunteers long to convey the message of love to your child and will care for your child with the love of Jesus. There are countless ways for your child to participate in church activities to build relationships with children their age & with the adults who serve in KidsView. E.I., Sunday School & Fellowships, Church Camps, Church Lock-Ins, VBS, Halloween Alternatives, etc.*

4

SHARING—*Christianity is about loving and serving others. KidsView is active in delivering the message of compassion, mercy, service and love to your child. Children learn by examples from the Bible, from our volunteers, and from you. We work together to teach your child to share his/her faith with friends, family & people in our community. We want to give your children confidence to share their faith, resources, and servant hood with others.*

We will join with you to direct and build up Christian character in your child. We believe your child can have a love for God, God's Word, apply God's truth to his/her life, and share God's love with others.
