Presents

THE SUNSHINE BOYS

BY NEIL SIMON

H.I.S. Company will present the hilarious and thought provoking comedy THE SUNSHINE BOYS March 11-13 in the Education Center of Graceview Baptist Church located at 25510 Tomball Parkway. Written by Neil Simon, one of Broadway's most successful playwrights, THE SUNSHINE BOYS explores the relationship between two successful Vaudeville comedians who have not performed together or even spoken to each other in over 11 years.

With quick one-liners and a hilarious recreation of a famous sketch performed by the comedy team of Lewis and Clark, the play teaches us about friendship and lasting relationships. Directed by Joe Fullen, a published playwright himself as well an actor, the pace is fast and will leave the audience laughing and shaking their heads as grudges and ego get in the way of a successful reunion.

Larry Wood and David Herman are featured as Al Lewis and Willie Clark, while Jesse Jones portrays Willie's stressed and frustrated Nephew/agent. Veteran actress Sylvia Ford along with tested performers Kathleen Hughes, Dennis Semmler and Melissa Hoot round out the cast.
